Miguel Corniel Dear Willy, let me first congratulate you on the launching of your website. It is both visually appealing and easy to navigate. I was well aware of your prowess as a DJ, but finding out that you are also an accomplished web developer most sincere thanks to you on behalf of my entire family, for making our 10th Anniversary a celebration to behold. You were a perfect match for our layback style. You were punctual, professional, and easy going. But most of all, you accommodated with ease and grace all the different cultures and nationalities that converged on that night. We wanted our 10th Anniversary to be a celebration of our Afro-Caribbean heritage, and you provided just that by spinning the most diverse repertoire I have ever heard a DJ play. Whether Trinidadian, Dominican, Haitian, Cuban, Puerto Rican, Jamaican, Nigerian, Panamanian, it may make no difference to you. You had all of us dancing non-stop to the beat of Merengue, Soca, Compas, Reggae, Bachata, Salsa, Cumbia, Samba. Somehow you managed to play a little something for everyone, making the sum of all these little pieces a beautiful and unforgettable Pan-Caribbean Carnival. Thank you again Willy for providing us with an everlasting memory of the happiest night of our lives. I can assure that our 10th Anniversary was an experience that will forever live in our hearts. Sincerely,

Miguel Corniel mcorniel@bellsouth.net

I enjoyed every minute of working with DjWilymix, he was profesional and made it his priority to make our special day as perfect as he could. His collection of music exceeded my expectations and he was able to keep a very nervous bride confident that nothing would go wrong. I would recommend him to anyone and everyone I know and home to use him again in the future for any event that takes place.
